

MODERNO

CARBON INFRARED HEATERS

The perfect heaters indoors & outdoors

Enjoy the soothing warmth of the sleek & efficient Moderno standard and mini infrared heaters. They are increasingly popular and look great wall-mounted or ceiling mounted.

The Moderno mini with an output of 1200W is ideal for smaller indoor/ outdoor spaces, including bathrooms.

Features

- Can be mounted horizontal or vertical
- Do not burn oxygen, creating an extremely efficient directional heat.
- They do not require the refilling of gas bottles, which can run out at inconvenient times.
- Odour and CO2 emission free.
- Not affected by wind or air movements
- 80% more economical than traditional heating systems
- Periscopic remote control - can be controlled from a long distance and wide course.
- Automatic temperature control regulates power consumption based on your set temperature and eliminates annoying hot and cold cycles.
